## Welcome

Welcome to the FFA and to your Supervised Agriculture Experience Project within the DISD Agriculture Program. We are proud to have you and look forward to generating a relationship with you and your family through this project. This handbook is specific to our guidelines for housing animal projects, ag mechanics projects, and all other SAE's and utilizing the DISD Agriculture Facilities.

## The FFA

The FFA operates on local, state and national levels. Student members belong to chapters organized at the local school level. Agricultural education instructors serve as chapter advisors. Chapters are organized under state associations headed by an advisor and executive secretary, often employees of the state department of education. States conduct programs and host annual conventions.

The National FFA Organization, governed by a Board of Directors and a Board of Student Officers, charters state associations; provides direction, programmatic materials and support; and hosts the National FFA Convention, which draws more than 45,000 attendees each Fall. The National FFA Alumni Association's more than 40,000 members in 1,200 affiliates assist in the continued growth and development of active FFA programs.

## Applied Learning

The agricultural education program provides a well-rounded, practical approach to learning through three components: Classroom education in agricultural topics; hands-on supervised agricultural experience, and FFA.

## Available Facilities

### **T.J. Jones Agriculture Facility**

Located at: 7501 Teasley Ln, Denton, TX 76210

For Denton Guyer students and students who live North and West of Denton

### **Star Ranch**

Located at: 8400 Fishtrap Rd. Crossroads, Texas 76227

For Students who live Central, South, and East of Denton or have cattle projects.

## Supervising Species Teachers

### **Cattle:**

Ms. Laci Harbor

[lharbor@dentonisd.org](mailto:lharbor@dentonisd.org)

Ms. Shannon McCuiston

[smccuiston@dentonisd.org](mailto:smccuiston@dentonisd.org)

### **Poultry:**

Mrs. Laura Reed

[lreed@dentonisd.org](mailto:lreed@dentonisd.org)

### **Rabbits:**

Mrs. Taylor Alcorn

[talcorn@dentonisd.org](mailto:talcorn@dentonisd.org)

Elissa Cooke

[ecooke@dentonisd.org](mailto:ecooke@dentonisd.org)

### **Sheep/Goats:**

Mrs. Laura Reed

[lreed@dentonisd.org](mailto:lreed@dentonisd.org)

Mrs. Ellen Todar

[etodar@dentonisd.org](mailto:etodar@dentonisd.org)

### **Swine:**

Mrs. Peggy Nichols

[pnichols@dentonisd.org](mailto:pnichols@dentonisd.org)

Ms. Hailey Weaver

[hweaver@dentonisd.org](mailto:hweaver@dentonisd.org)

### **Ag Mechanics:** (Campus Based)

Ms. Hailey Weaver (BHS)

[hweaver@dentonisd.org](mailto:hweaver@dentonisd.org)

Ms. Shannon McCuiston (DHS)

[smccuiston@dentonisd.org](mailto:smccuiston@dentonisd.org)

Mrs. Tracy Nurenberg (GHS)

Mr. Danny Walton (RHS)

[dwalton@dentonisd.org](mailto:dwalton@dentonisd.org)

### Supervised Agricultural Experience Programs

A unique aspect of the Agricultural Science Program is the Supervised Agricultural Experience Program (SAEP). It enables students to care for and exhibit livestock projects, develop agricultural crop or horticultural enterprises or experience the other aspects of the agricultural industry. The SAEP is a powerful tool that teaches responsibility, time management, commitment, teamwork and sound financial practices.

#### Estimated Cost of Livestock Projects

Species	Time	Duration*	Cost**	Feed/Tack**
<b>Cattle</b>	12 months	Feb.-March	\$3000**	\$3000
<b>Swine</b>	5 months	Nov. – March	\$750**	\$1000
<b>Sheep</b>	9 months	July-March	\$750**	\$300
<b>Goats</b>	9 months	July-March	\$750**	\$300
<b>Broilers</b>	3 months	Jan – March	\$2.00/head**	\$150
<b>Rabbits</b>	2 months	Feb-March	\$250**	\$100

#### NOTES:

*\*All time durations will vary depending on the shows being purchased for and the locating of the project.*

*\*\*Costs for animals may vary depending on quality of livestock and location purchased.*

*\*\*\*Animals are not required to be kept at the DISD Project Center. The above costs do not reflect any charges that can occur for veterinarian fees, medication, validation, entry fees, state tags, etc. These would be additional expenses for the project.*

---

## **Liabilities**

---

### **Animal Projects**

No animal will be housed at the Denton ISD Facilities without a current signed receipt of this document, a signed "DISD student co-curricular / extracurricular contract" on file with the Campus Ag Science Teacher, a purchased validation tag from Denton County, all fees (FFA, Barn, etc...) paid and animal must be approved by an Agriculture Science Teacher. The required document is located at the back of this manual.

The Denton ISD Agriculture Program, Denton FFA Booster Clubs, District Employees, or volunteers will assume NO responsibility for accidents or injuries to students, parents, visitors, livestock, or personal property resulting from the use of the facilities or equipment, as well as, livestock owned by other persons.

Insurance for animals kept at the facility is not maintained by the school district, Agriculture Departments or FFA Chapters. It is the responsibility of the student to provide any insurance coverage on his/her animal deemed necessary. The loss of an animal, or expenses incurred because of loss, injury, illness, etc., including veterinary bills, is the sole responsibility of the student and will not be the responsibility of the Denton Independent School District, Agriculture Departments, Agriculture Teacher, Career and Technical Education Department, or FFA Chapters. All animals that are housed at the Agriculture Science Facility are housed at their own risk.

### **Travel for School Activities**

Before students can travel to any school sponsored activity the teacher must have on file a field trip release form, and extracurricular medical permission form and any other documentation required by Denton ISD.

### **Visitors**

Any visitor accompanying a Denton Independent School District FFA student and/or parent and attending a Denton ISD sponsored event or activity, must adhere to appropriate conduct outlined in this document.

Any student who has a visitor or non-Denton ISD FFA member or guest at the facility takes full responsibility for their visitor's actions or misconduct. We are only allowing 1 visitor per student with an animal at either facility (this does not include family members).

Please allow 48 hours' notice to your Agriculture Science Teacher for professional fitters, breeders, or groomsmen to enter our facility.

---

## Denton Independent School District Agriculture Science Ag Barn Facility Rules & Guidelines

---

The following guidelines are effective immediately. Notification of changes will be sent to campus administration and Ag Science Teachers. All content within this document is at the discretionary interpretation of Denton ISD campus administration and Director of CTE. This document will be kept updated and located on the DISD district website. *It will be the responsibility of teachers, students and parents to utilize the district website to obtain and/or refer to the most current version of this document.*

The Denton ISD Ag Barn Facility is the property of Denton ISD and is provided for the convenience of Denton ISD student FFA members choosing to participate in an animal Supervised Agriculture Experience Program (SAEP). Utilizing the Denton ISD Ag Science Ag Barn Facility is a privilege and not a right and is only for Denton ISD enrolled students.

For all parties to best utilize the Denton ISD Ag Barn facility there are rules and regulations which must be observed. This document outlines the expectations, regulations and rules that must be adhered to so that everyone involved can have a positive experience in the program.

**Everyone** must do their part to see that the DISD Ag Barn facilities and projects are taken care of and a positive image is portrayed to the public.

To ensure compliance, Denton ISD employees including Agriculture science teachers, facility managers, maintenance workers, and administrators will monitor and manage the facility (both physically and via security cameras).

The purpose of the DISD Ag Barn facility is to provide an extension to classroom instruction, to maximize learning, and to allow FFA members to utilize the complex for their animal Supervised Agriculture Experience Program (SAEP).

---

### General Expectations

---

#### Access to Denton ISD Ag Barn Facility

To protect the safety and security of DISD students and animal projects, all individuals seeking access to the Agriculture Facilities will be required to complete a Volunteer Application with the Denton ISD Central Office Administration. NO PERSON will be allowed access to these facilities without a security pass from our local application process. Only individuals with DIRECT connection to a Denton FFA student WITH a project at their specific facility will be granted permission to access. This includes immediate family members and parents/guardians. This does not include classmates or fellow FFA members who do not have an animal at the facility unless prior permission from their home Agriculture Science Teacher. All guests MUST stay in close proximity to the student owner of the project.

This application is located at <http://www.Dentonisd.net/parents/volunteer/>.

Only students who have animal projects will be given a gate code for entry. Students will not be allowed to give out the code to other people for any reason. If a student has an issue feeding or working their animal, they need to communicate that with their species teachers and find another student with their same species to resolve the issue. If a student is caught giving out the gate code this will be considered a major infraction and will be issued consequences.

Under no circumstances shall any student or visitor need to be out of the boundaries of the barn or arenas. You are NOT allowed past the gravel road near the big house at the Fishtrap property unless advised by an Agriculture Science Teacher.

### **DISD Student Handbook and Student Code of Conduct**

The DISD Agriculture Science Ag Barn Facility is an extension of Denton ISD; therefore, all rules and regulations found in the DISD student handbook, and the Student Code of Conduct apply. This includes during the summer months, holidays and weekends.

### **Misconduct**

Any infraction of district rules, policies or guidelines as set forth in the DISD Student Code of Conduct, DISD Student Co-Curricular/Extracurricular Contract, and/or the DISD FFA Policy Handbook will result in disciplinary action and may cause immediate removal from the program. The Ag science teacher(s) in collaboration with campus administration will have the authority to suspend or remove any member for any infractions. All content of this document is at the discretionary interpretation of campus administration and Director of CTE for determining consequences for inappropriate behavior. These terms are as follows:

- A "Three Strike" discipline system is used by the DISD FFA advisors. Any student failing to fulfill the obligations of the project in accordance to the rules and guidelines set forth by the project advisor will receive a "strike". Infractions include, but are not limited to, being defiance missing a project meeting/weigh day without prior notice, neglect of animal (feeder empty, not feeding on time, pen not cleaned, etc.), failure to perform required duties before and/or during the fair. Once a student has received three strikes, he/she forfeits his/her privilege to show within the Denton ISD FFA Program.
- Other disciplinary problems may result in the removal of exhibitor and animal from the school farm (if housed there) or stockshow, and/or loss of showing privileges with Denton ISD FFA for one or more years.
- Major infractions for immediate removal from Denton ISD FFA Programs include but are not limited to: insubordination, truancy, cheating, drinking, sexual misconduct, drugs, the use of tobacco products or vapes and violations of the DISD student code of conduct or major breaches of the FFA code of ethics.

### **Problems and Chain of Command**

When a problem or concern arises, the best way to resolve it is by following a set "chain-of command." Always begin with the supervising teacher.

- Campus Ag Science teacher
- Lead Ag Science teacher: Shannon McCuistion
- Assistant Principal
  - GHS: Michael Parker
  - DHS: Mark Goggins
  - RHS: Adrian Eaglin
  - BHS: Zephaniah Smalley
- Campus Principal
- Director of CTE: Carla Ruge

### **Open Communications**

Please maintain open communication with your Ag Science teacher regarding your participation in the program. Every effort will be made to insure consistent communication with everyone in the program. Every Teacher has their preferred way of communication, it is up to the discretion of the Teacher on how that it is done ie... Remind 101, Email, Group Text Messaging or individual folders. First and foremost, the goal is to make sure the students have a positive learning experience, and it is encouraged that you bring any situations or problems that are negatively impacting our students through the proper chain of command. All communication must be conveyed by the Ag Science Teacher to the Student back to the parent. Communication between the student and parent must be an integral part of the day-to-day activities. All questions and suggestions by the Ag Science Teacher and the student will be documented in the preferred way of their campus instructor. Ag Science Teachers may use their personal phones to contact parents unless it is an emergency. Every animal is fed, cared for, and evaluated separately. All suggestions concerning individual students and animals will be written in folders held at the barn. Gossip and assumptions can be very negative, and it is encouraged for everyone to avoid both.

### **Social Media**

Any negative public comments (Facebook, Twitter, Instagram, etc.) may result in removal from the barn and/or the program pending any possible disruption to the school setting. This decision shall be made by campus administration.

### **Conflict Resolution**

Personality conflicts and personal disagreements will arise, but we encourage adults to resolve their issues between themselves in a mature manner. Public arguments at Denton ISD FFA functions and facilities (meetings, stock shows, Ag barn, etc.) will not be tolerated. Such situations may result in one or both parties being ejected from the area and the future participation of that person and/or the student may be in jeopardy. Please refer to the Chain of Command when needing to address any conflicts that arise.

### **Facilities Care and Respect**

We have been provided very nice and very expensive facilities and equipment. If you choose to keep your animal(s) at the Denton ISD Agriculture facilities or to use Denton ISD equipment (clippers, pens, etc.), you will need to respect and take care of it. Persons responsible for intentional damage/vandalism (to the property or equipment of the facility, district or other students) will be held financially responsible for repair of the damage, disciplinary actions will be taken, and project removal from the barn will occur.

### **Denton ISD Equipment**

Any equipment owned by Denton ISD is to be used by DISD Ag science teachers or under the direct supervision of DISD Ag science teacher. Equipment is not to leave the Ag Barn facilities unless being used by the Ag science teacher or a student has been granted permission to use the equipment off site. This may include but is not limited to: trailers, show boxes, fans, stall set-ups, blowers, hoses, dividers, pig boards, trim tables, chutes, etc. If damage occurs to any equipment the student/parent will be responsible for replacing or reimbursing the full cost of item. Any issue in replacing or repayment of damaged items will reflect on your student account for the full amount of the item and will be placed on hold.

### **Animal Selection**

All projects kept at the Ag Barn facility must be approved by the Ag Science teacher. If a student wishes to select their own animal, they may do so under prior communication with their Ag Science teacher. This will be allowed only under certain circumstances and is up to the Ag Science teacher's discretion. If you wish to keep your project at an outside location, approval and a signed agreement between the parent/student and Ag Science teacher must be made. NO PROJECT will be shown under any Denton ISD FFA chapter without the consent of the Ag Science teacher.

### **Number of Projects at DISD Ag Barn Facility**

Students will be limited to a maximum number of animal projects that will be housed at the DISD Ag Barn Facility. Students will be allowed the following animals per species subject to Ag Science Teacher Approval:

- I. Market Swine – up to a maximum of 2 projects subject to Ag Science teacher approval/facility space availability.
- II. Goats/Lambs - up to a maximum of 2 animals subject to Ag Science teacher approval/facility space availability
- III. Cattle- up to a maximum of 2 projects subject to Ag Science Teacher approval/space availability
- IV. Poultry- up to a maximum of 1 pen subject to Ag Science Teacher approval/space availability
- V. Rabbits- up to 2 market pens of 4 or 2 breeding bunnies subject to Ag Science Teacher approval/space availability

### **Costs**

While showing animals is a positive experience, it is not a cheap one. You will incur costs for the animal, feed, entry fees, passes, transportation, hotels, vet bills, etc. Any expenses are to be paid at the time of service or deadline set forth for the event by the species Ag Science teacher. NOTE –students will be required to pay a one-time fee to house an animal at the DISD Ag Barn Facility. This will help cover costs associated with maintenance of the facility.

- Cattle: \$100.00
- Sheep/Goats: \$50.00
- Swine: \$50.00
- Rabbits/Poultry: \$25.00

### **Outstanding Debts**

All outstanding debts, i.e., vet bills, feed bills, etc. incurred by the student in the raising of the project must be paid before the instructors can release payment from the sale of the project.

### **Animal Project Management**

The animal Supervised Ag Experience Project (SAEP) is the student's responsibility. All project management decisions will be made by the student/parent in cooperation with the supervising Ag Science teacher. The Ag Science teacher will closely monitor all show rules. Ethical treatment of projects are required always and rule violations will not be tolerated. Any unethical treatment to an animal will result in immediate removal of the student from the Denton ISD FFA program.

With the implementation of the Veterinary Feed Directive (VFD), any student/parent who does not follow the management practices as directed by the Ag Science Teacher, will immediately

become ineligible to show. Disciplinary actions will be taken per the guidelines in this handbook.

The student's Agricultural Science teacher must approve all projects before purchase including, personally owned animals with open lines of communication and prior approval. The species teacher will be *actively involved* in the selection process, and communicated with prior to the purchasing of the project or the project will not be eligible for the following:

- to participate in livestock shows sponsored by Denton ISD
- to be housed at the Denton ISD Ag barn facility
- to be affiliated with any Denton ISD FFA program.

Any animal that is raised as a project at the Ag Barn facility and enters for a show under any group other than Denton ISD FFA will lose their facility privileges.

The Ag science teacher will provide the following for parents and students:

- Lead the selection & purchasing process for student animal project.
- Provide advice on feeding, grooming, equipment, and other necessary purchases
- Provide instruction and recommendations to help students properly groom animals for show, train their animals prior to show, learn animal anatomy and facts necessary for showmanship, and exhibit their animals successfully in the show ring
- Provide students with entry forms for all school sponsored livestock shows and will provide tags for animals for state shows in accordance with State Validation Procedures and Regulations.
- Provide transportation for livestock to and from school-sponsored livestock shows decided by Ag science teacher based on DISD approval.

---

### Facilities Usage

---

Facility usage is to be used for Denton ISD actively enrolled agriculture students and/or paid members of the Denton FFA program who own an animal project. All projects housed at the DISD Ag Barn facility must be owned and cared for by actively enrolled Denton ISD students.

All animal projects must be owned by Denton ISD enrolled students to be housed at the Ag Barn facility or within 5 miles of the student's home campus at the discretion of the species advisor.

If you are **not** housing your animal at the Project Facility but rely on your Agriculture Science Teacher for travel, clipping, or maintaining your animal must at the facility at the time your species teacher specifies.

Each student is responsible for the feeding and care of his/her project on his/her own time without the assistance of anyone, other than the student's immediate family or the Agricultural instructor, without prior approval by the instructor. **No visitor or guest of the student will be allowed at the DISD Ag Barn Facility unless there is 48 hours' notice prior approval to the home campus Agriculture Science Teacher.**

Students are expected to provide their own transportation to and from the Ag barn facility. For the safety of students, parents, and guardians, the Ag Barn facilities hours are from 6:00 am to 10:00 pm. No unauthorized personnel shall feed or be at the Ag Barn facilities for any reason

before 6:00 am or after 10:00 pm without permission from an Ag Science teacher. Anyone present during closed hours will be considered trespassing. If there is extenuating circumstances, please contact your species teacher who will inform Director of CTE.

The Ag Barn facility is to be used only for feeding and caring for the livestock projects. It is not a hang-out location and loitering will result in a campus referral.

No pets are allowed on the Ag Barn facility grounds for any reason. This is for the safety of pet, species projects, and persons at the Ag Barn facility.

No structural additions or changes will be allowed without Denton ISD approval. Non-approved additions or changes will be removed immediately. No additions, subtractions, modifications, or construction relating to electricity, carpentry, plumbing, or location may be made. The use of electrical devices or extension cords must meet NEC and UL electrical codes. No cords shall lie within reach of any animal and must be properly secured. Animals can chew on the cord and be electrocuted. Use of any electrical devices and extension cords must be approved by Ag Science teacher.

Students should report any needed repairs to an Ag Science teacher immediately so that repairs can be done in a timely manner. It is not the students or parent's responsibility to repair area and/or equipment belonging to Denton ISD.

The appearance of the Ag Barn facility is a priority; there will be 2 scheduled "Ag Barn facility cleanups" which are mandatory for students with animal projects housed at the Ag Barn facility. If a student is unable to attend for any reason, they are responsible for finding a suitable replacement deemed appropriate by the Ag Science teacher.

Students housing animals at Denton ISD facilities may be assigned duties or responsibilities for the care and maintenance of the facility as determined by the Ag science teacher. Failure to maintain Denton ISD facilities in clean and proper order or complete duties assigned may result in the dismissal of the student and the removal of his/her animal from the facility.

Absolutely no chemicals, pesticides, spray, etc. or other forms of pest removal products are allowed at the Ag Barn Facility. If there is a need to remove pests, ag science teachers need to report the issue to the Director of CTE immediately.

Due to limited space, only authorized trailers or other items will be allowed to be parked/stored at the Denton ISD Agricultural facility. **Vehicles not authorized by the instructor or the district, are prohibited from entering the facility.**

**All rules, care of project and feeding procedures apply to holidays and weekends.**

## Care of Project

Each animal must be cared for in a proper manner as approved or established by the species teacher. The species teacher is authorized to determine any necessary practices to ensure proper care of the student's project. This includes, but is not limited to, daily maintenance of pen/facility, feeding, hair care, showing techniques, exercise, etc. Students must adhere to practices set forth by the species teacher and these practices may not be changed. This applies to all projects that are shown under the Denton FFA Chapter including owned animals.

- The following Barn Demerit system will be followed when addressing animals without feed or with unsatisfactory conditions:
  - 1<sup>st</sup> Offense = Warning with parent Contact
  - 2<sup>nd</sup> Offense = Warning & Parent, Student, Teacher, Administrator Conference
  - 3<sup>rd</sup> Offense = Removal of animal from barn/loss of barn privileges
  
- Projects without feed or with unsatisfactory pen/area conditions for prolonged periods of time will result in removal of the project from the student and facility.
  
- If at any time a student and/or parent does not agree with the species teacher regarding care of an animal, please contact the appropriate campus administration to resolve the conflict.
  - Lead Agriculture Science Teacher: Shannon McCuistion
  - DHS: Mark Goggins
  - GHS: Michael Parker
  - RHS: Adrian Eaglin
  - BHS: Zephaniah Smalley
  
- The student is responsible for proper care of his/her project. This includes adequate nutrition and hydration for proper growth, the development of the project, cleaning the pen and surrounding area. If any project is found to need immediate emergency care, the DISD Agricultural science teachers reserve the right to seek treatment for that project at owner's expense, when owners are unable to be contacted.
  
- **PENS-** Shavings and feces are to be removed daily. The shavings should be replaced as needed are an expense of the student/parent.
  
- **AISLE-** the aisles are to remain clean and free of trash, feed, hay, etc.... this is the responsibility of all students. Tack is to be kept in designated areas and put up neatly. Trash and debris can cause harm to animals if ingested.
  
- **TRASH/DUMPING-** wheel barrows are provided for all to use at the barn. When cleaning out pens it is responsibility of the student(s) to take the wheelbarrow to the front of the barn and dump it in the designated area and not outside our barn doors or in the driveway. Improper dumping will attract flies and cause more disease and infections in the barn. If you see improper dumping, please report it immediately to the Ag science teacher so appropriate actions can be taken. The dumpster is in the front of the barn, please make sure all your personal and animals' trash is thrown away properly and not left on barrels or in aisles.

- **FEED-** Projects are to be fed twice daily on a twelve-hour schedule, or as advised by Ag Science teacher. BE CONSISTANT. It is recommended that feeding should be done before 10am and 10pm. Animals are creatures of habit.
- **WATER-** Fresh, clean water should be supplied daily to your project. Empty water buckets are unacceptable; they should be filled every day during feeding. Water buckets/automated waters must be dumped and cleaned daily outside of the stalling area and not in any aisle.
- **EXERCISE-** exercise programs will be on a per species bases and will be given to the student/parent from the Ag Science teacher. Please note these programs can change as needed for the project.
- **WEATHER-** Students should check the weather each day. Regardless of the weather conditions your animal(s) need to be fed and given fresh water. This includes rain, snow, ice, and just cold weather.

In the event of extreme weather conditions Denton ISD reserves the right to shut off waterlines to the Ag barn facilities. In the event this occurs students/parents are responsible for hauling water to the Ag barn facility to care for project.

Always seek Ag science teacher advice if there are questions regarding weather conditions and the daily care of your animal

- **EQUIPMENT-** materials used daily by the student will be purchased at the student's expense. A list will be provided prior to purchase of animal and is subject to change as the need arises. If the equipment is property of Denton ISD please do not use it until you have been properly trained or under the supervision of an Agriculture Science Teacher.
- **SHAVINGS-** these are the students' responsibility and an expense you are expected to incur. Ag Science teacher will advise on type, and when they are needed. Shavings are used in stalls, pens, and at various shows, this will be communicated through the Ag Science teacher. **All shavings and extra unnecessary tack will need to be stored at your home on your own accord.**
- **Storage-** you will be instructed by your species teachers to only use your provided space for storage, tack, feed, shavings, etc...

## Recommended Veterinarians

Dr. Mark Moynagh  
Westgate Veterinary  
Denton, Tx  
940-387-9522

Dr. Mark Spencer  
Hooves and Paws  
Aubrey, Tx  
940-365-9430

Dr. Strittmatter & Dr. Black  
Town and Country Animal Hospital  
Aubrey, Tx  
940-382-1986

We as ag teachers strongly encourage you to use one of the vets listed since they actively work with the livestock species in our barns. Before contacting a vet, you need to contact your species teacher. We as ag teachers are not veterinarians, but we can direct you on if it is a vet emergency.

Health papers:

Some major livestock shows require all animals to go through a health check before coming onto the grounds. In the event that you need health papers for a show and you are traveling with the school the species teacher will coordinate a health check and the cost will vary depending on the number of animals being checked. This is not negotiable.

## Medication to Animals

All projects and animals under the Denton FFA are the responsibility of the species teachers; therefore, ALL forms of medication or substances or any other treatment MUST be approved by the Ag Science teacher and approved by a licensed Veterinarian.

We will follow all major show rules regarding feed and drug residue restrictions. The species teachers will not knowingly give your child's animals any illegal drug or substance. The rules regarding substances change regularly so do not depend upon what you could or could not do when you were showing before the current situation. If you have a question about anything that you may want to give your animal, please check with your species teacher first. Projects are subject to testing, and if an exhibitor is found in violation, a stock show may ban them from ever participating again. Students and parents will be required to sign an affidavit stating you have not given anything not approved by the FDA or USDA for that animal. All major show rules regarding feed and drug restrictions will be followed.

With the implementation of the Veterinary Feed Directive (VFD), any student/parent who does not follow the management practices as directed by the Ag Science Teacher, will immediately become ineligible to show. Disciplinary actions will be taken per the guidelines in this handbook.

- **NO** medication including but not limited to off-label or extra-label medications, sprays, feed additives, over the counter medication and/or other substances will be given internally or externally to any livestock project without approval of the species teacher. All established withdrawal times for any administered product must be strictly followed.
  - The species teacher will notify students and/or parents if medication must be administered to any animal
  - Species teachers will seek veterinarian assistance if he or she has any questions arise pertaining to administering medication
  - **In the event an animal tests positive before, during or after a major event, the student and/or parent must inform the Ag Science teacher immediately.**
- All animals shown under the Denton FFA Chapter or housed at the DISD Ag barn facility must follow these guidelines regardless.
  - Students traveling to jackpot shows over the weekend will be subject to a quarantine period of 5 days. Within those 5 days, the animal shows no signs of disease or pests then they will receive entry back into the barn. All animals with signs of diseases or pests will be provided more quarantine days and medications will be administered.

### **Pen Assignments**

- Due to space restrictions and equipment costs, the number of animals a student may raise at the Denton ISD Ag Barn facility is limited to the available space. The species teacher will assign a stall or pen where the project animal will be kept; they are not to move without permission from species teacher. If more requests for stalls or pens have been made than spaces available, the species teacher will devise an appropriate plan of action that best fits the needs of said species.
- Pens are reserved for Denton ISD actively enrolled students only.
- No locks are allowed on any animal pens in case of fire or other emergencies. Failure to comply will result in lock being cut off and removed.
- No students will be allowed to switch facilities unless advised by your species Ag Science Teacher
- High School FFA members have priority over Jr. FFA members. This may result in moving or removing of the Jr. FFA member's project from the DISD Ag Facilities.
- The hierarchy of pen placement is as follows:
  - Active FFA Members
  - Jr. FFA Siblings of Active FFA Members
  - Jr. FFA Members with no siblings in the active program

### **Senior Students:**

- No senior student may start a project that will not finish before the end of school year.
- Graduated seniors will not be allowed to utilize the Denton ISD Ag Barn Facility. Animals will be removed from the project center within 2 weeks of last show sponsored by the Ag Science teacher.

### **Removal of Projects**

- The student is to remove all projects from the Ag Barn facility prior to the last day of the Denton County Livestock Show or with prior approval from an Ag Science teacher with the intent to show during the summer months. NO ANIMAL will be allowed to show after

this deadline. If the project is not removed by the end of the Denton County Livestock Show, the animal will be removed at the students/parent's expense and sold at a local auction facility. The proceeds of the sale will be used to offset the expenses incurred due to the removal. After expenses have been covered the remaining balance (if applicable) will be mailed to the student/parents.

- All students are required to thoroughly clean their project's pens during the designated Barn Clean-Up date. If the pen is not clean the student will be responsible for a \$100 fee that will be placed into the DISD Ag Barn facility budget. They will also not receive any monetary awards they may have received from stockshows that year.
- Any student who is required to remove a project due to disciplinary action or is not passing all classes at the last school sponsored show, will be required to remove their animal within 5 calendar days of notice. In addition, departing students must clean their stall.
- Graduating seniors and/or students not intending to feed a livestock project for the following school year must remove all personal belongings (feed, storage containers, etc.) from the DISD Ag Barn facility within two weeks from the last DISD sponsored livestock show of that Ag Science teacher, that the student participates in.
- Failure to comply will result in the forfeiture of personal belongings to the DISD Ag Barn facility.
- Purchasing and housing animals at the barn without prior permission from species science teacher is prohibited.
- Students are required to be paid FFA or Junior FFA members, failure to do so will result in the student not being eligible to show and therefore the project does not need to be housed at the DISD facility.

### **Project Death**

If a project dies at the project center, it is the student's/parent's responsibility to contact the species teacher or if he/she cannot be reached please another Ag Science teacher for Denton ISD.

- The species teacher will provide information to students/parents about removal process
- It is the student's/parent's responsibility to remove the project within twenty-four (24) hours after being notified.
- The removal of a deceased animal is at the expense of the student/parent.

### **Junior Members**

- Dues are to be paid to the FFA chapter of the receiving feeder high school Ag science teacher the junior member is zoned to attend.
- If showing multiple animals the Ag Science teachers of those species will discuss and devise a plan of action.
- Ag science teachers are responsible to communicate information to junior FFA members

### **Scramble Animals**

- Any Denton ISD FFA students that are to participate in any calf scramble at any show or event must have prior approval and the permission from the Ag Science teacher 2 weeks prior to the scramble event.
- Scramble forms and certificates must be signed and approved by the Ag Science teacher overseeing the species being shown.

- Student and parents are responsible for reading and meeting the rules and expectations of the scramble shows. It will also be the responsibility of the student/parent to have the scramble student to the appropriate show, location, and time as required by show.
- All general rules and expectations apply to scramble animals. If a student does not meet DISD or the scramble show rules, DISD FFA will drop sponsorship of the scramble animal.

---

## Denton Independent School District Livestock Show Rules & Guidelines

---

All entry forms for Denton ISD sponsored shows will be filled out at the campus Major Livestock Show Meeting.

Membership on the Denton ISD FFA Show Team is considered a privilege; therefore, the following rules must be followed. Any Denton ISD FFA member is expected to follow the guidelines of this handbook, student code of conduct, and extracurricular guidelines. Any FFA event is considered an extension of the Denton Independent School District and therefore all participating students must be actively enrolled in a DISD school to participate.

Any Ag Science Teacher supervising a species has sole discretion to adjust, amend or add additional expectations as deemed important for the success of his or her program and upon approval from the Director of CTE.

The stock show experience is fast-paced and requires a lot of hard work on the part of everyone involved. To have a successful, positive experience, everyone must work as a team.

### Denton ISD Sponsored Livestock Shows

DISD sponsored shows for 2020-2021 will be limited to no more than 5 shows. All of these are school sponsored and will be at the discretion of your species teacher.

- All entry forms for Denton ISD sponsored shows will be filled out at the major livestock show meeting at their respective campuses

NOTE: DISD sponsored shows are **for Junior Market and Junior Breeding shows only** or the discretion of the species teachers.

- Attendance for major shows is based on participation, species teacher discretion, and funding for teacher travel.
- For the 2020-2021 school year, students may participate in additional shows with prior approval from species teachers.
- For 2020-2021 school year, parents/students must attend additional “Jackpot shows” on their own or to the discretion of the species teachers but will need to comply with the following if showing under a Denton ISD FFA chapter:
  - Gain permission from campus school administration and from Ag Science teacher at least 2 weeks in advance
  - If proper notice is not given, the Ag Science/species teacher has the right to refuse.

- Supply your own means of transportation: truck, trailer, cage, etc... or to the discretion of species teacher if help is needed.
- Quarantine is not an option; we will be supplying quarantine spaces for animals after Jackpot shows. Each animal will need to quarantine for at least 5 days after shows in order to avoid the spreading of pests and disease throughout the barn
- The use of DISD equipment such as fans, blower, show boxes, drench guns, mats, etc. must have approval from the Ag science teacher.

### **Student Eligibility for Livestock Shows**

In order to be eligible to participate in any livestock show as a Denton ISD FFA member, students must meet the following requirements:

- Be actively enrolled at a Denton ISD school High school students must be enrolled in an approved Agriculture, Food and Natural Resources class to participate in Denton ISD FFA chapters.
- Eligibility in the Denton ISD FFA organizations is based on the UIL eligibility standards found in TEA code 33.081 “no pass, no play.”
  - However, eligibility waivers for International Baccalaureate, Advanced Placement, honors, or dual credit classes are accepted for only one grading period during the school year for any FFA events above the chapter level. To be eligible for a waiver in these classes the following criteria must be met:
    - 1) One failing grade 50 or above OR 2 failing grades 60 or above
    - 2) There can be no zero’s or missing assignments during that grading period.
- If a student is ineligible to show due to UIL ineligibility, the animal is also ineligible to show.
- UIL eligibility guidelines will be followed to determine eligibility.
- Comply with National FFA and Texas FFA member guidelines
- Must be in compliance of Denton ISD compulsory attendance (FEA Legal and FM Local)
- All FFA or Junior FFA membership dues are paid and student is in good standing with DISD FFA chapter.
- All FFA members or Junior FFA members must complete the quality counts program through the Denton County Extension Agency.
- Students will be allowed to participate in only those shows approved by the supervising teacher.
- Attend all mandatory livestock meetings for the specific livestock project.
- Have paid entry fees on time and meet show requirements.
- Students will be responsible for all personal travel to and from all livestock shows.
- Substitute exhibitors for any animal species must be approved and coordinated by the species teacher in conjunction with livestock show rules.

### **General Expectations**

- All students are expected to follow the Denton ISD student code of conduct and any co-curricular or extracurricular guidelines set forth by Denton ISD.

- All students showing with the Denton ISD FFA are expected to follow the rules and guidelines of the major stock shows. All shows provide a catalog/guidelines book via their website. Should you violate a rule, you will be subject to the consequences.
- All Denton ISD policies regarding travel, transportation and student behavior will be enforced.
- Everyone is expected to work as a team to load and unload animals, set up and tear down pens, weigh animals, etc. Denton ISD FFA works as a team to encourage and help one another, which means you are expected to watch other the students show, etc. We will travel as a group as much as possible and work together to make it a positive experience for all the students. If there are extenuating circumstances where you cannot work with other FFA members, please communicate with the sponsoring Ag science teacher.
- All animals must be validated and all validation rules must be followed. It is the responsibility of the student and/or parents to check the accuracy of the validation.
- All species will pen together at major shows. Meaning your animal will be penned with Denton ISD animals and are not allowed to be moved to another area of the show to be penned with others. This is to assist monitoring of animals at all times by DISD teachers.
- Animals should be clipped and groomed as much as possible before they leave for the shows. Each Ag Science teacher will give instructions for their procedures and sign-up times.
- All families are expected to make their own hotel arrangements.
- Payment for stock show registration is expected at the time of registration. Your registration will not be submitted until payment is made. Denton ISD FFA will hold a Major Show meeting in October for all species, this is mandatory for you to attend and all payment and paper work is to be completed at this time or the student will not be entered for the show(s).
- If you are not present to assist with loading or unloading, or to show or sell your animal, then your animal will not be shown or sold. The species teacher must approve any exceptions.
- Substitutions for showing animals must follow the guidelines of the major stock show. Any substitutions must have prior approval from species Ag Science teacher.

### Showmanship

The main purpose of showmanship is to present your animal to the judge in a manner that will make your animal look it's best. Showing can emphasize strong points and de-emphasize weak points of the animal.

Success in showing begins at home. You and your animal cannot learn proper showing techniques at the last minute. It is important that you practice as often as possible. Showing can be a very rewarding experience if you take the time to learn how to show. When starting out, not only the animal must be trained, but the exhibitor must learn the proper showing techniques as well. Mini showmanship clinics will be offered during the weekly goat meetings. Please make you plan on being there.

### Other

- If an exhibitor is unable to be present for loading of tack and animals yet still wishes to show they will be responsible for transporting animal and tack on their own using personal vehicles unless prior arrangements are made with the Ag Science teacher.
- Students are expected to perform duties at the livestock show. This includes but is not limited to set-up, cleanup, etc. as set forth by Ag Science teacher.

- Parents/students may be asked to leave any DISD FFA sponsored event for any behavior misconduct including but not limited to aggressive or disrespectful behavior towards advisors, other parents, or students, or any behavior that brings discredit to our organization.
- Students who choose to attend livestock shows outside of the designated school shows must follow all Denton ISD FFA, and show team guidelines as they still represent our organization.
- Any decisions or instructions made by the species teacher at a school-sponsored show are final. Any concerns should be addressed through the chain of command prior to leaving for an event or upon immediate return following an event.

### **Parent Responsibility and Expectations**

Denton ISD and campus administration reserve the right for discretionary interpretation of the contents in this guide. Any disciplinary action or violation of this document will be at the sole discretion of Denton ISD and campus administration.

**Parent Responsibilities:** Your assistance as a parent of the livestock show team is very important and valued. To help promote teamwork, good showmanship and success the following must be adhered to:

- Review show team guidelines, show rules, and contents of the DISD FFA handbook with your child frequently.
- Ensure your child accurately completes and turns in all registration paperwork and other required forms on time.
- Refrain from the use of tobacco, alcohol, and profanity at all FFA and livestock events.
- Support the decisions and instructions given by FFA advisors, show judges, and other officials at all FFA and livestock events.
- Provide positive support of your child and the entire FFA show team.
- Ensure that your student is on time to all required meetings and that they follow all show team contract guidelines.
- Provide transportation and accommodations for your student at all stock shows.
- All animals must be validated and all validation rules must be followed. It is the responsibility of the parents to check the accuracy of the validation.
- Use of alcoholic beverages is forbidden on school property, including the Denton ISD Ag barn facility. In addition, please remember that stock shows and other FFA events are family experiences and also an extension of school grounds when attending under Denton ISD FFA. Adults are not allowed to consume or have in their possession alcoholic beverages in or around the primary/general areas of the livestock show team, including animal pens.
- Parents/students may be asked to leave any DISD FFA sponsored event for inappropriate misconduct, aggressive or disrespectful behavior towards advisors, other parents, students, or any behavior that brings discredit to our organization.
- Any decisions or instructions made by the Ag Science teacher at a school-sponsored show are final. Any concerns should be addressed through the chain of command prior to leaving for an event or upon immediate return following an event.

## Terms, Conditions and Consequences

---

REMINDER: ALL terms and conditions are subject to change. The contents of this manual are at the sole discretion of campus administration and Director of CTE. This document will be kept updated and located on the DISD district website. *It will be the responsibility of students and parents to utilize the district website to obtain and/or refer to the most current version of this document.*

The Agriculture Program reserves the right to remove any animal from the facilities if any one of the following conditions exists:

- Animal abuse or neglect in any form
- Diseased or infected animals
- Animals that are unsafe to handle
- Students and/or parents failing to observe rules
- Animals not being fed for show purposes
- Student is no longer involved in the program
- Student expelled or withdrawn from DISD
- Student Place in DAEP (Alternative Education Program)
- ***If the student fails to abide by any of the above-mentioned rules or guidelines set forth in this document and other Denton ISD district policy, actions will be taken to remove the animal and/or ban any future Agriculture facility privileges. The student is subject to disciplinary action for failure to comply with these rules/guidelines.***

---

## DISD Ag Science Teacher Guidelines and Expectations

---

All DISD Ag Science Teachers (AST's) will be responsible for following all district policies, including expectations and guidelines listed in the DISD Employee Handbook, Career and Technical Education Employee Handbook, DISD FFA Handbook, and policies and protocol listed in the Student Code of Conduct. All Ag Science teachers are under direct supervision of campus administration.

The following guidelines are currently enforced. **Any new rules that may become necessary will be effective immediately** upon notification to campus administration and Ag Science Teachers.

### Ag Science Teacher Guidelines and Expectations

- Each DISD AST will be responsible for:
  - Instructing students in the field of Agricultural Science
  - Supervising their campus's FFA chapter activities
  - Selecting and supervising FFA Supervised Agricultural Experience projects
    - Livestock, Ag Mech, Horticulture, Agri science Fair, etc.

### Amendments

The Director of CTE and campus administration reserve the right to change or amend the contents of this document. The contents within this document are at the discretionary interpretation of Denton ISD campus administration and Director of CTE. This document will be kept updated and located on the DISD district website. *It will be the responsibility of teachers, students and parents to utilize the district website to obtain and/or refer to the most current version of this document.*

---

## Student and Parent Acknowledgement

---

Parents and Students Please initial to agree to the following terms listed in this contract:

\_\_\_\_\_: I will only allow a species advisor or another student with the SAME species feed for me as directed.

\_\_\_\_\_: If there is an outbreak in the barn I will allow the advisors to treat my project at my cost.

\_\_\_\_\_: I understand that my advisors are not veterinarian's.

\_\_\_\_\_: I will follow feed recommendations followed by my advisor.

\_\_\_\_\_: I will not "hang out" in the barn. I will accomplish feeding, washing, taking care of my animals, and leave.

\_\_\_\_\_: I will help CLEAN out the wash racks and the barns even if I did not use them.

\_\_\_\_\_: I understand if the barn becomes dirty (shavings in front of the pens, dirty wash rack, trash) and the problem cannot be identified I will attend a barn cleanup day.

\_\_\_\_\_: I will keep my pen clean and my animal healthy.

\_\_\_\_\_: My student and I accept responsibility for accessing, reading and following the policies in the Denton ISD FFA Policy Handbook on the Denton ISD website.

\_\_\_\_\_: I understand that the **Denton ISD FFA Policy Handbook** and **Denton ISD Student Code of Conduct** contain information that my student and I may need during the school year. All students will be held accountable for their behavior and will be subject to the disciplinary consequences outlined in both documents. If I have questions regarding the **Denton ISD FFA Policy Handbook**, please contact the high school Ag Science teacher or the CTE Director.

\_\_\_\_\_: I allow my student's name and photograph to be used in any FFA and/or Denton ISD publications.

\_\_\_\_\_: I allow the Home High School Agriculture Science Teacher to effectively communicate with my student via group text message or the most efficient way possible.
